

## Joomla Training Ireland

Have you taken delivery of a Joomla site, or inherited it and now are being asked to update it? Get the most from your Joomla Site with our training courses.

Our 1/2 Day Course will cover the following topics:

1. Create, edit, delete, and publish Sections and Modules
2. Create, edit, delete, publish and link new pages
3. Manage menu items, arrange and move them
4. How modules work
5. Create a module
6. Add new Components to your site
7. Add new Modules to your site
8. Create your own Modules
9. Secure your site from outside interference
10. Manage users

Our Full Day Course also includes:

11. Install addons
12. Design and install new templates
13. Change your editor
14. Install mambots
15. A Brief Guide to SEO Tips
16. Add an online shop to your site.

All trainees have access to our online Joomla tips and tricks, and updates.
